G. Aravamudu Iyengar, Esquire, B.A., B.I.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Muzrai Department,
BANGALORE

Sir,

We the undersigned Hindu Citizens of Bangalore beg respectfully to bring the following for the gracious consideration of Government

The Dodda Ganapati Swami temple at Gavipur in Bangalore is a sacred shrine with a Muzrai Tasdik of about Rs.2/- per month. From time immemorial the presiding deity is held in high veneration by all classes of Hindus. Besides the town's people pilgrims from long distances visit it for purposes of worship and for performing marriages, and other ceremonies, at all times of the year. For the convenience of these people a number of chutrums have been built by charitably disposed citizens on all sides of the temple

2. To the South of the temple there was a Kalyani (pond) for devotees to bathe in. During the great famine its springs dried up and people began to throw into it sweepings and rubbish turning it into a dunghill and an eyesore. The surroundings were also kept in a most dirty condition.

3. This unsatisfactory condition attracted the

attention of Mr. V. H. Karve, Retired Superintending Engineer who effected at his own cost the following improvements:--

(a) The Kalyanee was converted into a beautiful flower garden enclosed by an ornamental wall.

(b) The plot of open ground to the east of the temple used as a public latrine was also converted into a fine flower garden and enclosed by a wire fence.

(c) A flight of steps was erected to the Kalyana Mantapam on the rock to the east of the temple, the Mantapam itself having been restored with ornamentations, and the whole converted into a fine place for meditation and study.

(d) During the rainy season the Ardhamandapam floor of the temple used to get wet and slippery owing to percolation from the adjoining hillock. These percolations have all been diverted rendering the floor dry throughout the year.

(e) Steps have been cut in the rocks forming an approach to the temple from the Chamarajapet Road side.

(f) The "Mahadwara (main entrance at the north) has been restored.

(g) The leaks and the "Coppams" over the shrines of Siva and Parvati have been repaired.

4. Two more improvements are very urgently required.

First:-- The open ground in front of the eastern line of Chattrams is about 80 feet wide and 300 feet long. Out of this width, about 30 feet verging

on the road side is uneven and in a most insanitary condition. Since the Chattrams are occupied throughout the year, it is necessary in the interests of public health, that the said 30 feet strip to the whole length is levelled and converted into a park.

Second:-- The electric light erected to the west of the temple near the water tap, though of great use to the people occupying the Chattrams, and those taking water from the tap, does not throw light into the shrine which is situated in a cave facing southwards.

In order to provide sufficient light for the numerous devotees visiting the temple after sunset, five lights are absolutely necessary,--One, over the southern gate way; another, in the "Mukha Mandapam" (varandah in front of the temple), and three, inside the shrine. The Municipality are requested to kindly supply the light over the gate way, as it has done in the case of several other temples and charitable institutions in the City.

3. As regards the ways and means for the said improvements and for providing a gardener and a sweeper, as also for conducting the temple services regularly and properly, it may here be pointed out that at present a sum of about Rs.200/- per year, in the shape of "Kanikes" (fees) collected from the pilgrims, devotees, and marriage parties, is all appropriated by the Poojari. We beg to suggest (1) that such and other collections from devotees including the Tasdik be regulated, supervised, and brought under control, (2) that a scale of fees for different "Sevas" (Devotional services) be fixed, (3) that a "Golaka" (collection box) be kept in the temple for

voluntary collections from devotees, (4) that a Committee of management be appointed and the affairs of the temple entrusted to it.

6. There is now no direct approach road from the Sankarpur and Basavangudi extensions to this temple. We request that the northern road of the new Gavipur extension may be continued up to the temple.

7. In conclusion, we pray that the improvements suggested above may be kindly ordered to be effected as early as practicable, for the benefit of thousands of pilgrims and devotees resorting to this historic and sacred temple, and its affairs be placed on a satisfactory and permanent basis.

P.S Orders may be kindly communicated to Mr B Ramaiya, Bull Temple Road, Basavangudi, who is in charge of the correspondence on the subject.

We beg to remain,

Sir,

Your most obedient servants

Sir,

With reference to your letter No.94/Muz.680-16-2 dated 11th July 1917, re the improvements to the surroundings of Sri Gangadhareswara Swami temple at Gavipur in Bangalore City, I have the honor to state as follows:-

1. The first four points prayed for by the petitioner are (viz. to level the vacant strip of land in front of the easter line of chatrams and to convert it into a park.

These are matters that are to be considered by the Municipality. As the place is one of holiday-resort for Bangalore residents, the surroundings may well be kept as Sanitary and as attractive as possible.

As regards the arrangement to be made for conducting the temple services regularly and properly, I am to state that the archik Somasundara Dikshit who was not properly attending to his duties was -- placed under suspension and a new one was appointed in his place.

The other points prayed for are matters which have to be set right by the Dharmadarsies of the Institution.
